## American Society for Quality Hampton Roads Section Earns Top Honors

Hampton Roads, VA, January 30, 2009

The Hampton Roads Section 1114 of the American Society for Quality (ASQ) has earned the 2007-08 Quality Management Process Gold Excellence Award, one of the highest honors a Section can earn in the Society. Only 40 of 255 ASQ Sections earned this award for the 2007-08 year!

The Hampton Roads Section 1114 will be honored at ASQ's 62<sup>nd</sup> annual conference; the World Conference on Quality and Improvement, on May 16, 2008 in Minneapolis, MN. Members of the ASQ Board of Directors will present the award to the Section.

The Quality Management Process (QMP) Gold Excellence Award is awarded to Sections that have proven their commitment and ability to serving local ASQ members and the community. QMP is a management model and planning tool that assists Sections in their planning and implementation of programs and services that will meet the needs of current and future ASQ members. The model is based on the Plan-Do-Check-Act cycle of continuous improvement and is proven to aid the Sections in delivering superior value to their members.

In order to earn the Gold Excellence Award, Sections must meet certain criteria which include creating a business plan and budget, then meeting 75% of the goals set forth in their business plan. The Section must then achieve ASQ's objectives in member retention, loyalty and satisfaction.
